**NOTICE TO THE MARKET
PHOTOVOLTAIC DISCONTINUITY**

Eternit S.A. (B3: ETER3, “Company”), in accordance with CVM Resolution 44, hereby informs its shareholders and the market that its Board of Directors, at a meeting on March 11, 2025, approved the discontinuation of the photovoltaic product line.

In recent years, Eternit has sought alternatives to make its photovoltaic products more competitive. This product line was not viable, despite all the efforts made to achieve this goal. Therefore, after a thorough analysis, the Company decided to discontinue this segment. This decision was influenced by the competition with photovoltaic panels from the Chinese market.

The financial impacts from this decision are already reflected in the results reported at December 31, 2024, under Other income and expenses, totaling R\$17.1 million, with effects on property, plant and equipment, inventories, provision for guarantees and indemnities.

The Company remains dedicated to identifying new trends in the construction industry, in which it operates in the construction systems segment, supplying products for dry construction.
